ABSOLUTELY PURE 100%
TURKISH TOBACCO

TOBACCO Experts handle these leaves tenderly. They develop so much enthusiasm over a group of leaves that one wonders whether they are not all crazy.

"Yet their craziness manifests itself in a respect almost approaching veneration for the raw material which is later worked into cigarettes."

BOOSTING PRICES

CRIME IN CANADA

Heavy Penalty Provided Where There is Evidence of "Com-bines."

Ottawa, Ont., Nov. 13.—Combining to enhance prices of necessities of life has been made an offense by the Canadian government, it was announced here. Penalties are \$5,000 fine or two years' imprisonment.

The government has taken action, by orders in council under the war measures act which gives them full powers. Food, clothing, fuel and materials for manufacture are all classed as necessities. The existing Canadian law against "com-bines" is strengthened. This law declared there should be no combining to "unduly enhance prices." The amendment drops the word "unduly."

It is made an offense also hereafter to limit facilities for transportation, production, manufacturing, storage and merchandising necessities of life, or to prevent or lessen competing in production, sale or transportation. No person may accumulate or withhold from sale necessities beyond the amount reasonably obtained for the person or firms, household or business. Excess accumulation must be offered for sale at prices not higher than reasonable and just.

The prohibition as to accumulation of necessities does not apply to farmers, and manufacturers will not be required to sell to other classes or persons accustomed to sell.

Admission is largely entrusted to the minister of labor, who may require sworn returns from cold storage, packing and canning firms, factories, mines and warehouses. Municipalities may take steps to have investigated local conditions; local councils may require sworn returns from local dealers and producers. Directors of corporations are made liable for offenses of their firms.

It is provided that nothing in the new law shall prevent the combination of workmen for their own reasonable protection. The law takes effect at once.

HER HOME NO LONGER CHILDLESS

Operation not Necessary after Taking the Great Medicine for Women.

Miller's Falls, Mass.—"Doctors said I had displacement very badly and I would have to have an operation. I had a soreness in both sides and a pulling sensation in my right side. I could not do much work the pain was so bad. I was also troubled with irregularity and other weaknesses. My blood was poor. We had been married four years and had no children."

After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I became well and strong and was saved from the operation. We are now the parents of a big baby girl and I praise your remedies to others and give you permission to publish my letter."—Mrs. JOSEPH GUILBAULT, Jr., Bridge Street, Miller's Falls, Mass.

Lydia E. Pinkham's Vegetable Compound is famous for restoring women to normal health and strength. When this is done wives no longer despair of having children.

A woman should be reluctant to submit to a surgical operation until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. If you have a case that needs special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. It is free and always helpful.

AMUSEMENT NOTES

"The Princess Pat" Comes to Barre Opera House, Nov. 16.

In John Cort's production of Henry Blossom and Victor Herbert's latest comic opera, "The Princess Pat," which comes to the opera house Thursday, Nov. 16, with Miss Ruth Welch and a clever cast after its long run at the Cort theatre, New York, and Park Square theatre, Boston, will be found a book that is much more sane and pretensions than is usually obtained for such productions. It contains many bright lines which call for and receive hearty laughs. Mr. Herbert has not lost his love for waltz rhythms. The music throughout is light and gay and there are many choruses which are admirably written and sung. Among the best of the numbers are duets and trios in the characteristic Herbert vein. The cast will include, in addition to Miss Welch, Edie Toye, William Dawson, Carl Stoll, Frank Rose, George O'Donnell, Raymond Ellis, Tots Marks, Ethel Dennison and Ben Hendricks.—adv.

Russian Symphony Orchestra at Burlington.

If there ever was a busy man it is Modest Altschuler, conductor of the Russian Symphony orchestra. A few weeks ago when the orchestra was in Auburn, N. Y., not only did Mr. Altschuler give four concerts but also delivered a lecture on the history of Russian music in the high school.

Those who know this interesting little man would never dream he possessed so much energy and vitality and keep up under the strain season after season. But as he says, "a native born Russian knows not the meaning of weariness and he never chooses a profession that does not act as a tonic. He makes work a pleasure."

In his address to the students of the Auburn high school, Mr. Altschuler stated that music in Russia was not a century old. Up until 1834 there was no native music but all of foreign composition. The first original Russian composition was well received, not only by the czar, and his court, but the whole of the Russian people. In 1882 the famous pianist, Rubinstein, organized the National Conservatory of Music in Petrograd. This was the first college of its kind and had done more to develop music in the "Land of the Czar" than anything else.

Since that time music in Russia has developed—not gradually—but by leaps and bounds. No country in the world has made more of its musical life than Russia, and if that country continues to develop at the present rate of speed it won't be long before Russia will become the music centre of the world. The Russian Symphony orchestra appears in Burlington on Saturday evening, November 18.—adv.

Secure Ajax Tires Now and Save Money

We have contracted for many more thousands of dollars' worth of tires in 1916 than any previous years, and our sales have been greater this year than ever before.

We have not sold, however, in 1916, all that we have contracted for. We are short on our contract about two thousand dollars (\$2,000.00). Now, in order to secure our rebate from the factory, we will offer nearly two thousand dollars' worth of new, fresh goods that have just arrived at 15 per cent. from list price for the balance of the year only. After January 1, list prices will be resumed.

Tire Prices Will Advance Soon

Owing to a 50 per cent. increase in fabric and advanced schedule of rates of labor, so that the present prices will not continue for any great length of time.

NOTE.—We will sell for immediate delivery only these \$2,000.00 worth of tires at this reduction, so that we may get our yearly rebate. After this sale, remember, list prices only.

We have handled Ajax Tires for more than six years consecutively and each tire sold carries with it the company's guarantee of 5,000 miles, together with our recommendation.

We have just completed arrangements with the Ajax factory for their representative in Barre for 1917.
